---

*What is your gain if your child rushes to the university and misses out on all the opportunities Erudite offers?*

**Erudite Gap Year Institute** is one of a kind school in Africa. Before you digest THE FIVE OPTIONS your child can explore through Erudite below, click this link to read some recent news: [www.eruditemillennium.com/news](http://www.eruditemillennium.com/news)

## OPTION 1: FULL GAP YEAR

The Complete 4!

*Duration: One Year*

If taken with some volunteering or community service, this is the best option for your child to secure (full) scholarships in the US, Canada etc. The world has moved beyond using just test scores to award scholarships or issue visas.

- **SAT** (29th August to 1st October, 2022)
- **IELTS** (1st October to 8th October, 2022)
- **Cambridge A' Level** (10th October to 2nd June, 2023)
- **Fourth Industrial Revolution (4IR) Programme** (5th June to 30th August, 2023)

**Total cost:** 3,100,000.00 naira or 7,470 dollars excluding Cambridge A'level exam fee and cost of textbooks

Please see **APPENDIX 1 and 2 on pages 4 and 5** for *Fourth Industrial Revolution Programme* timetable and full gap year payment timelines.

## OPTION 2: The Giant 3!

**SAT, IELTS and Fourth Industrial Revolution Programme**

*Duration: Approximately 5 months*

If taken with some volunteering or community service, this is a very good option for your child to secure (full) scholarships.

**Engineering/physical science students:** 1,900,000.00 naira / 4,602.00 dollars

**Medical/life science students:** 1,850,000.00 naira / 4,482.00 dollars

**Management/accounting students:** 1,800,000.00 naira / 4,361.00 dollars

**Arts/humanities:** 1,750,000.00 naira / 4,217.00 dollars

**OPTION 3: Cambridge A' Level only**

Duration: 8 Months (October to May)

Beyond using Cambridge A' level results to gain admission to 200 level in Nigeria, or to avert foundation programme expenses in the UK or earn academic credits in the United States and Canada, those who go through Cambridge A' level training never remain the same. It does not only equip students with critical thinking skills but also ease them through the rigour of university education.

**Sciences:** 1st Semester- #700,000.00 / #1,690.00 -- 2nd Semester- #500,000.00 / \$1,205.00

**Arts/Social Science:** 1st Semester- #700,000.00 / \$1,690.00 -- 2nd Semester- #470,000.00 / \$1,131.00

*Parents should bear in mind the above breakdown excludes Cambridge A' Level exam fees and cost of textbooks, and ensure their children come with simless tabs for reading.*

**OPTION 4: SAT and IELTS only**

Duration: *Approximately 2 months*

Except with luck, (full) scholarships are not guaranteed but this option is good for those that can partly or fully fund their education in the US or Canada.

**SAT boot camp and registration:** 350,000.00 naira

**IELTS training and Registration:** 200,000.00 naira

*Please note that a valid international passport is necessary for SAT and IELTS*

**OPTION 5: Fourth Industrial Revolution (4IR) only**

Duration: *3 months*

This option is very good for those who are currently studying in Nigerian universities and would like to build disruptive skills and enrich their CVs. It is also good for those who would like to land competitive jobs easily and prepare for fully funded master's and PhD.

**Engineering/physical sciences:** #1,350,000.00 / \$3,253.00

**Medical:** #1,300,000.00 / \$3,133.00

**Management/Accounting:** #1,250,000.00 / \$3,012.00

**Arts/Humanities-** #1,200,000.00 / \$2,890.00

*Prospective 4IR students are expected to come with highly configured laptops with windows operating system.*

***Where you are coming is not an issue.***

We have students from the United States of America, Malaysia, Qatar, Egypt, Liberia; Abuja, Lagos, Rivers, Sokoto, Enugu, Katsina, Ebonyi, Zamfara, Delta, Borno, Edo, Ondo, Osun and Ogun States in Nigeria

## **Appendix 1:**

### **ERUDITE FOURTH INDUSTRIAL REVOLUTION PROGRAMME**

**TIMETABLE:** 8am - 6.30 pm daily

#### **MORNING CLASS 1**

##### **8am - 10am: engineering/physical science students**

*Practical Java/Mobile Application Development Class*

--This 2-in-1 class ends with a compulsory problem-solving software development project and an oracle certification.

##### **8am - 10am: medical/life science students**

*Artificial Intelligence in Healthcare*

--At the end of this class, students will not only get a specialist certification from Stanford University but will also apply their knowledge of AI in Healthcare, Python and Robotics to build a medical app.

##### **8am - 10am: management/accounting students**

*Entrepreneurship*

This class ends with two specialist certifications on *How to Start your Own Business* and *Leading the Company of the Future*

--Having acquired all necessary tools at the end of the class, participants are expected to start their own businesses under the mentorship of a business expert.

##### **8am - 10am: arts/humanities students**

*Search Engine Optimization (SEO)*

--This class does not only end with a specialist certification from the University of California at Davis, it has a compulsory project which gives our students an opportunity to practice important SEO tactics and optimize sites of their choice from the ground-up.

#### **MORNING CLASS 2**

##### **10 am - 11.30 am: Practical Web Design/Development Class**

--Erudite web design/development class is compulsory for all our fourth industrial revolution students. It involves five 'minor' projects such as creating a website landing page and ends with a major project where all students are asked to build their personal websites to sell themselves to the world. The student with the best website wins a special prize in addition to the responsive web design (HTML5 & CSS) certification every student gets at the end of the class.

#### **MID-DAY CLASS**

##### **11.30am - 1.00pm: engineering, medical and management combined**

*Practical Python Class*

Python is an important 21st century skill. It is very relevant to every discipline that deals with data. Erudite python class is compulsory for engineering, medical and management students.

--It leads to certified entry-level python programming by *OpenEDG Python Institute and Pearson VUE*.

##### **11.30am - 1.00pm: arts/humanities students**

*Social Media Marketing*

--In this class, students will build social media job-ready skills and earn two specialist certifications that will give them access to over 200 top employers sourcing talents through the certifications.

**Break: 1 - 2pm**

## **AFTERNOON CLASS**

### **2pm - 4pm: engineering/physical science**

- (a) Robotics
- (b) Machine Learning
- (c) Industrial Internet of Things (IIOT)
- (d) Public Speaking with SOP

### **2pm - 4pm: medical/life science**

- (a) Data Science in Stratified Healthcare and Precision Medicine
- (b) Health Information Technology Fundamentals
- (c) Robotics
- (d) Public Speaking with SOP

### **2pm - 4pm: management/accounting**

- (a) Project Management
- (b) Brand and Product Management
- (c) Excel Fundamentals for Data Analysis
- (d) Public Speaking with SOP

### **2pm - 4pm: arts/humanities students**

- (a) Creative Writing
- (b) Introduction to Public Relations
- (c) Recruiting, Hiring and Onboarding Employees
- (d) Public Speaking with SOP

## **EVENING CLASS**

### **4.30pm - 6.30pm: all fourth industrial revolution students**

#### *German Language Class*

--Leads to DELF A1, *Goethe Institute*

Beyond giving international students access to free education in Germany from undergraduate to PhD level, having German on a CV especially at a B2 level attracts an annual 3.8% salary increase in many multinational companies in the US, UK etc.

(French and Arabic options are available)

### **Appendix 2:**
